

Shining Your Light!

The idea for this program came out of conversations with parents who expressed the need for this type of social interaction for their daughters. Our goal is to create a community away from negative peer pressure and bullying—one where you can share and develop positive friendships. We hope this program will address many of the pressures young women feel in today's world.

Please join us for our second girls' weekend. Our theme for the weekend is Shining your Light.

Come see old friends, make new ones, play games, take part in small and large group activities, and much more!!

We'll stay in the new year-round retreat area, using the new community kitchen to prepare some of our meals.
