

Join Us for Our New Camp Program for Girls!

The idea for this program came out of conversations with parents who expressed the need for this type of social interaction for their daughters.

Our goal is to create a community away from negative peer pressure and bullying—one where you can share and develop positive friendships. We hope this program will address many of the pressures young women feel in today's world.

We know that these changes cannot come from just one event, so we plan to run three or four events each year to strengthen and promote this supportive community. This weekend's theme is **"Creating a caring, supportive community of friends."**

Come enjoy games, art projects, small and large group activities, campfires, and much more! It's a great chance to make friends and learn from each other in this supportive camp environment. You'll stay in the new year-round retreat area, using the new community kitchen to prepare some of your meals together. And, if the weather is nice, you'll be able to explore Mechuwana in the late winter time.
