

♦ **Is your congregation reaching its full potential?**

♦ **Are you the leader you want to be?**

♦ **Are you leading with a bold vision?**

Learn how to unleash church potential and interrupt church decline by empowering your church to dream like Jesus again.

Rebekah Simon-Peter, developer of the award-winning group coaching program, *Creating a Culture of Renewal*, helps church leaders like you:

- Expand your self-awareness and self-acceptance
- Discover how to bring out the best in those who frustrate you the most
- Craft a bold vision that exponentially expands what you and your congregation thought possible.
- Dramatically increase the number of people actively engaged in ministry.
- Transform a risk-averse culture into a congregation willing to enthusiastically tackle new initiatives and try new ministries.

# Creating a Culture of Renewal Program

## How it Works

Three 8-month tracks guide mixed groups of clergy and laity through an inspired process of expanding EQ, self-awareness, and practical leadership skills.

We meet via a mix of retreats, webinars, buddy and mentor calls. You're guided by a step-by-step workbook. Perfect for busy church leaders.

## Track 1: Congregational Intelligence

**Is your congregation reaching its full potential?** Increase your emotional intelligence to gain greater self-acceptance and deeper appreciation of others. Decode hidden messages unintentionally delivered through worship and ministries of the church which reinforce a stuck culture. Work with a trained mentor to turn insight into action.

- Disarm bullies and manage conversations with strong-willed individuals.
- Improve your church's finances by learning how to tap into people's natural motivators for giving.
- Boost your confidence to live out your calling well.

"I've found this process to be **the most effective and life changing source of positive renewal** for our clergy, churches, and conferences I've experienced in almost 30 years in our annual conference."

— Rev. Ralph Lepley,  
Western North Carolina AC

## Track 2: Leadership Smarts

**Are you the leader you want to be?** Your congregation can only go as far as you lead them. Learn how to skillfully engage others to make a lasting difference.

- Avoid the mistakes that sabotage your natural capacity to lead.
- Increase your satisfaction in ministry while understanding the gifts others appreciate about you.
- Energize your congregation by learning how to cast a Kingdom-oriented vision that inspires and unifies.

"Other programs **talk** about leadership development. This is the **only one** I know of that **actually** delivers. Highly recommended."

— Margaret Gillikin, DS,  
Rocky Mountain AC

- ◆ Monthly Online Group Meetings:
  - ◆ Track 1 - 3rd Tuesday, 9-11am
  - ◆ Track 2 - 2nd Tuesday, 9-11am

Retreats at Camp Mechuwana, Winthrop, ME.

## Track 3: Culture Shift

**Are you leading with a bold vision?** Almost 100% of church decline is due to lack of a vision. Learn how to expand assumptions about what is possible, gain buy-in, carry a vision through to completion and watch your church culture shift. Guided by Jesus' own example of ministry, you will gain alignment and champion execution of a new kingdom-inspired direction.

- Confidently engage your people to motivate them in new directions of ministry!
- Gain people's buy-in for your vision and prevent all the work falling back on your shoulders.
- Reconnect your congregation with the spiritual values of the Gospel including outreach to the community, ministry to the poor, and making new disciples of Jesus Christ.

"Through the Creating a Culture of Renewal program, I've learned to clarify, hone, and communicate truly inspiring visions. **Before, I supported 'doable' visions in the churches I served. Now, I propose impossible visions that come to fruition by the grace of God.** It has been like watching a ballet directed by the Holy Spirit!"

— Rev. Kristin White, New England AC
